

Confidential - This form must not be circulated to any third parties and remains Confidential both prior to and post-completion.

Scope : Allows wholesale MVNO partners to place bulk orders for USIM cards and relates to the supply of USIM cards only. This form must only be used by approved MVNO partners.

Process Description : USIMs

USIMs can be used in conjunction with the unbundled H3G access solution, subject to (1) a fully executed MVNO Supply Agreement and (2) MVNO Interconnect Agreement and additionally but optionally, (3) a Voice, Data and Messaging Termination agreement where applicable.

Timelines :

Once this USIM document is fully executed, this begins the process for USIM supply as per the aqi USIM supply process. Time is not of the essence at any stage. A summary of the timelines would be:

- (1) Signature of this document, indicating number of USIMS
(2) Provision of the Artwork and Electrical Profile
(3) Evaluation of order and confirmation of provisional test USIM delivery timeframes
(4) Test of USIMS with customer
(5) Acceptance by customer and aqi
(6) Track starts for the supply of USIMS to the agreed specification.

(2) Artwork Profile

Each artwork profile submitted is charged at £1500 + vat. It is possible to submit one artwork profile for each 2000 USIMS.

The process consists of :

- Artwork verification
• Artwork integration and adaptation to technical constraints
• PDF creation
• 2 Epson proofs if required
• Liason with customer creatives team
• Up to 2 minor revisions
• Optional : Additional revisions are invoiced £300 each
• Major revisions will be charged at £1500 each. i.e. as a new artwork

Electrical Profile

An electrical profile is accepted as part of the artwork process. The electrical profile allows default subscriber options to be specified on the USIM (such as the home network name, default internet homepage - please discuss options with your account manager.

Additional options may incur additional costs and prolong USIM delivery).

(3) Supply of USIMS

Tick as applicable

Table with 4 columns: Quantity, Unit, Price, and VAT. Rows include 10,000, 20,000, 30,000, 40,000, 50,000, 100,000, 200,000, and a blank row with an asterisk.

This charge includes the supply of the USIM and all administration charges relating to importing the IMSI onto the H3G network and any activation charges.

Please note that upon receipt of this executed document, aqi shall invoice for the full USIM supply cost for the volume specified.

Full payment is required before the USIM order provisioning and order process can commence.
